

SHOWER DOORS

- 1 year warranty on shower door workmanship.
- 1 year warranty on hardware against mechanical or finishing defects. The warranty is void if hardware is damaged due to improper cleaning such as using abrasive cleaners.
- There is no warranty on tile breakage due to drilling holes for installation.
- Castle Glass cannot be responsible for any defects in showers resulting from abuse, neglect, improper cleaning, or accidental breakage caused by anyone other than our employees at the time of installation.
- Because of multiple handling of tempered glass in the manufacturing process, small surface scratches are possible. CSA guidelines deem 3 meters is the distance used to evaluate glass.

MIRRORS

- Because the mirror is silvered, it accentuates tiny flaws, most cannot be seen at less than 30-degree angles or from more than three to four feet distance. This has become the acceptable standard of measurement through the CSA guidelines for small imperfections in the mirror.
- Castle Glass cannot be responsible for any defects in the mirror resulting from abuse, neglect, improper cleaning, or accidental breakage caused by anyone other than our employees.
- If proper adhesive has been used on a mirror, there is a 3-year warranty on silver backing

TEMPERED GLASS RAILINGS
